100ml

dry skin nourishment

A specially concentrated beeswax and natural oil blend for use on very dry skin on the face, hands or body.

100ml

toner

A gentle toner that combines natural ingredients to purify & calm the skin while the light lemon myrtle scent will leave you with a great sense of freshness.

125ml

night cream

An intensive but non-greasy treatment that replenishes and revitalises at night while still allowing your skin to breathe.

100ml

dry skin cream

A traditional cream that has proven effective in protecting & repairing damaged skin. Can also be used on such skin ailments as dermatitis, psoriasis & eczema.

100ml and 250ml

honey clay mask

Rich in silica & mineral salts. When combined with honey, propolis & witch hazel it draws impurities from the skin leaving it soft, cleansed & toned.

50ml

eye contour replenishment

This fine and pure formulation cares for the delicate area around the eye, providing a totally natural nourishing treatment.

25ml

lavender dry skin cream

Similar to our dry skin cream but with the added aroma and benefits of lavender essential oil.

100ml and 250ml

foot cream

For use on tired, dry or cracked feet. It soothes, softens & moisturises the skin while the peppermint oil leaves your feet cool, refreshed & deodorised.

100ml

hand & body lotion

A non-greasy & quickly penetrating moisturiser that can be used anywhere on the body. Available with or without lavender essential oil.

200ml

honey cleanser

A non-drying, non-foaming but effective cleanser that leaves your skin feeling clean, soft and more radiant.

200ml

shampoo

This unique formulation gently but effectively cleans, nourishes and fortifies your hair, leaving it with lasting volume, softness and shine.

250ml

lip balm / lip salve

Soothing and long lasting protection for dried or cracked lips. Available with vanilla or camphor.

10ml

facial scrub

A deep cleansing & gentle scrub that utilises finely ground apricot kernel & walnut shell powder to exfoliate, stimulate & rejuvenate your skin.

100ml
